Chris,

Sorry I didn't get back to you sooner as I was gone on vacation and just got back to school.

This was acceptable.

Hello Dr King,

My name is Chris Hayward. I was a student of yours in Physics 223 during the 2016 Spring Quarter. I am now attending classes at the Vancouver campus of Washington State University. As part of my studies here I am required to submit examples of my writing from various points in my college career. Attached is a copy of the final paper that was submitted by my group during 223. I would greatly appreciate if you could look it over and email back whether you consider it "Acceptable" or "Exceptional" for a college level of writing. Please focus on the section starting on page 12, until the end, as that is the section that was written by myself, rather than one of the other group members. Anything before page 12 is irrelevant for this request so if you are short on time feel free to skip it, I know December is likely busy for you with Finals.

Thank you, and I hope to hear from you soon,

Chris Hayward
